

## Voters Go To Polls Tuesday For Second Primary

### Bay High Introduces Industrial Arts Courses This Year

#### Regular Classes Begin September 6

The Bay St. Louis Public Schools, both colored and white, will open on September 2 for registration and book assignments.

There will be a workshop for two days previous to the opening for members of the faculty. On August 31, there will be a meeting of high school teachers for planning work for the session, with a special speaker on the high school core curriculum. On September 1, all elementary teachers will meet for a day's work on the elementary level, with a special reading consultant for the morning session.

All students will be expected to report on September 2, and students entering first grade in all public schools in the city, both colored and white, will be required to present birth certificates showing their age as six years on or before January 1. Students who have not been enrolled in Bay St. Louis Public Schools prior to this year, may register any time prior to September 2 in order that transcripts of credits may be obtained for use in classification.

For the first time, Bay St. Louis High School will offer courses in Industrial Arts for students from the eighth grade through high school. The shop is being set up and will be ready for use at the opening of school.

Transportation routes for the outlying territory of Bay St. Louis school will remain the same as last year. There will be no transportation to public schools within the incorporated limits of Bay St. Louis.

The lunchroom at three public schools will open on September 6 for the first day. The price of lunches this year will be increased from 15 cents to 20 cents due to the fact that there has been a cut in amounts allowed from the State and Federal Government for the lunch program.

Regular classes will begin on September 6 at 8:30 A. M. The faculty consists of the following:

Mrs. Celine Ashcraft, First Grade; Miss Luvonia Sautier, Second Grade; Miss Carmelite Spotorno, Third Grade; Miss Edith Magee, Fourth Grade; Mrs. Nora Hurston, Fourth Grade; Mrs. Ed Harriel, Fourth Grade; Miss Adele Saliba, Fifth Grade; Miss Lora Smith, Sixth Grade; Mrs. Ethel Zengaling, Sixth Grade; Mrs. Allan Garber, Jr., High Science and P. E.; Mrs. Julia La Nasa, Jr., High English; Mr. Hester Evans, Jr., High Math; Miss Alma Parker, Jr., High English; Mr. Donald Caldwell, Math & Assistant Coach; Mr. Lance Lumpkin, Social Studies and Head Coach; Mr. Marcel La Nasa, Band Director; Mrs. Mae Parker Smith, Public School Music; Mrs. Grace Clark Hulsey, Special Education; Miss Catherine Cryer, High School English; Mr. V. O. Powell, Math; Miss Clara Sellers, Commercial; Miss Julia Blaise, Social Studies; Mr. Howard Bounds, Science; Mrs. Georgetown Hall, Librarian; Mrs. Juanita Erwin, Homemaking; Mr. Joe McCullough, High School Principal; Mr. Billy Eason, Industrial Arts; Mrs. Joe Howze, Primary, Taylor School; Mrs. Claiborne Ladner, Primary, Webb School; Miss Cecile McCaleb, Office Secretary and Bookkeeper; Mrs. Mary Elizabeth Garriga, secretary; Mr. S. J. Ingram, Superintendent of City Schools.

### Christ Episcopal School Session Begins Sept. 11

Christ Episcopal School will open the 1936-37 session Tuesday, September 8, at 9 A. M. Registration for new classes will begin at 9 A. M. and continue until 1 P. M. The school is located on the corner of Third and Main streets.

### Funeral Services Held In Kiln For Mrs. Prince

#### For Mrs. Prince

Funeral services were held in Kiln for Mrs. L. H. Prince, a resident of Hancock County for the past 20 years.

Mrs. Prince was 82 years old.

She was survived by a grandson, Larry Hanover, a member of the Air Force now stationed at Keesler Field.

Mrs. Prince moved here nearly two decades ago with her husband the late Dr. Prince after his retirement. The couple came from Missouri.

After her husband's death, Mrs. Prince moved to Bay St. Louis.

She died in a Moss Point hospital.

Funeral services were held Friday morning from the home of Mr. and Mrs. George Curet.

### Mississippi Heart Association To Hold Forum Here

The Mississippi Heart Association will sponsor a forum to be held here on October 11.

Miss Lucille Little, Executive Secretary of the Association, visited with Mrs. Charles Beyer and Mrs. Joseph Kern, joint chairmen of the Hancock County branch of the Heart Association, to discuss plans for the forum.

A panel of Physicians will be present to discuss the different stages of heart diseases.

Mrs. Beyer said, "A great deal of interest has been shown in the forum and it is felt that Hancock County is most fortunate to be able to have these specialists come to us for this occasion."

This meeting is the first of its kind to be held here and it is hoped that a large crowd will attend.

### Interment Services For Placide Sautier Held In Louisiana

Placide V. Sautier, a native of Bay St. Louis, died Saturday night in Baton Rouge.

Sautier was the son of the late Jos. B. Sautier and Adele Ne-casse Sautier.

He was 69 years of age.

He is survived by his wife, Mrs. Julie Sautier of Baton Rouge three brothers, Turner A. of Houston, Alcine E. of Bay St. Louis and Forest E. of Hattiesburg; three sisters, Mrs. Camille Casanova and Mrs. Florence Mitchell of Algiers and Mrs. George Rhonbackero of New Orleans and two aunts, Miss Alice Ne-casse and Mrs. R. S. Balize of this city.

Funeral rites were held at the Episcopal Church in Baton Rouge. Other services were conducted by the Faithful Lodge No. 425.

## WHAT IS THE PRICE TAG?

(AN EDITORIAL)

Less than 10 years ago when many services returned to Hancock County from the battlefields, fighting for freedom and loved ones—and fighting for some others who stayed at home—we found here at home a vicious SYNDICATE and group of selfish individuals who ruled and controlled City and County government.

We found a wide open county, filled with rackets, slot machines, and vice.

The SYNDICATE owned the machines, but the business men registered them in his name and paid the annual Federal and State licenses. The SYNDICATE took a greater share of the "take" and took care of the pay-offs for the necessary officers. But when criminal charges and injunctions were filed, none were made against the SYNDICATE because the machines were not in the SYNDICATE's name. The criminal record was against the owners, while the SYNDICATE stayed in the background.

There was one business man who felt that if he was going to violate the law by having the machines, then why couldn't he own his own machines—this was a land of freedom—but the SYNDICATE didn't believe in freedom, and said "NO."—"That ain't right," they also said: "We can't let you own your own machines, for we control the officers, and the rest of our customers, too, would want to own their own, and rebel." Well, that caused a rough and tough legal battle, and the SYNDICATE lost, but in the meantime, they persecuted not only him, but his cousins in their businesses, and destroyed all their bonded whiskey. So much for that, but a novel could be written on that case.

During this same period of rule the bar-rooms had regular visitors every Monday morning asking for shake-downs and pay-offs.

During this same time cars and trucks galore would be hauled off the Highway, particularly if the trucks had whiskey

on other products of value—but they would be allowed to proceed if they made the proper arrangements.

Now, let's get down to our subject. At this time, where was Gerald V. Price, Sr., and where was Sylvan J. Ladner, Jr., the two candidates we now have running for Sheriff. Well, as you all remember, Mr. Price was the Constable for Beat 5 driving a big new car and sporting a gold, diamond-studded badge.

But at this time Sylvan J. Ladner, Jr., was an employee of the L. & N. Railroad. But in 1934 when Ladner was elected City Commissioner the slots and the rackets in the City closed up—and their businesses were regulated and have not been molested by pay-offs and "satchel" men.

We don't need SYNDICATES in our county again. They chose their candidates and had the "free" money to elect them. SYNDICATES have wrecked Alabama and made Phoenix City the scourge of the nation. Louisiana has been running them out for the past 4 years, and they are now deporting Marcello back to Italy.

It is reliably reported that Mr. Price spent over \$20,000.00 in his unsuccessful race for Sheriff 4 years ago, and from a casual observation the expenditure has been high this time. This is more money than he could possibly collect LEGALLY during 4 years in the Sheriff's office.

If someone has told you business people on the Highway and elsewhere to vote for Price and everything would be wide open like it once was, don't be a sucker, for it's just not going to be that simple.

Our county has not had much favorable publicity lately, and everybody in the County suffers when our County suffers bad publicity. Let's try to be certain that we do everything to safe-guard our people and county from such. Be safe by voting safe.

## POLIO VACCINE FOR CHILDREN BETWEEN AGES 5 AND 9 AVAILABLE THIS MONTH

When polio vaccine goes on sale in the state last week in August it will be available to children between the ages 5 and 9 equally distributed through the counties, if the plan of distribution set up by the Governor's Committee on Voluntary Control is adhered to by physicians and druggists alike.

Two allotments of vaccine, released by the National Institutes of Health and totaling 32,412 cc from Eli Lilly and Company and Wyeth Laboratories, have been allocated to Mississippi and will be ready for sale by the Brothers about August 24.

In order to assure an equitable distribution of this allotment, and others that follow as long as the supply of vaccine is limited, last week a plan of procedure, developed by the State Advisory Committee on Voluntary Control of Distribution of Polymyelitis Vaccine, was sent to all physicians, druggists, and other distributors of the vaccine in Mississippi.

The plan, similar to those in other states, designates children from 5 to 9 years as the priority age group, on recommendation of the American Medical Association.

According to the plan, physicians will request vaccine from the druggist or supplier only for children in the priority age group, listing on the order by name and age each child to receive the vaccine.

In turn the order, after being filled by the druggist, will be annotated by him and filed, along with weekly reports on his supply and sale of vaccine, for review by the committee Supply houses, likewise, will file weekly reports.

Producers of the vaccine have already agreed on a national level to supply the state Advisory Committee of each state a copy of invoice on each shipment.

ment of vaccine coming into the state directly from producers and their branch distributing offices.

No individual can have the vaccine without a prescription, which must be annotated and filed in the manner as a quantity order, according to the voluntary plan.

While the Committee, composed of representatives from the State Medical Association, the State Pharmaceutical Association, the Mississippi Congress of Parents and Teachers, and the State Board of Health, has no power of legal enforcement of the plan, it shall make every reasonable effort to secure voluntary distribution fairly to all counties in proportion to the vaccine allotted to the state the relative size of the priority age groups in each county, according to Dr. A. L. Gray, chairman.

Other members of the Committee are Raymond F. Burst, Dr. H. F. Garrison, Jr., Mrs. A. L. Hendrick and Dr. John E. Howell, Jr.

The Committee has no responsibility in evaluating safety nor effectiveness in recommending where, when, or how the vaccine should be given, nor in recommending that it be given or not given. As soon as the supply of vaccine catches up with the demand, the Committee will be dissolved.

The current allotment of vaccine to Mississippi is only enough for one injection to about 21 per cent of those in the priority age group, but the Committee expects additional amounts in frequent intervals soon after these first two. There are approximately 239,000 children in the state between the ages of 5 and 9. Of this number, 108,000 have already received one injection of the vaccine and some 70,000 the second injection.

## Free Taxi Service For Voters On Election Day

Beander Benjamin, local taxi operator, will conduct a free taxi service on election day for all voters who wish to go to the polls and do not have a way.

Benjamin gave the same service to the voters in the first election.

DR. W. E. SMITH MOVES TO NEW ORLEANS

Dr. and Mrs. W. E. Smith and their daughter, Laurie, have moved to New Orleans, where Dr. Smith is taking a position in a hospital and where Laurie is attending school. The Smiths have been in Bay St. Louis for the past several years.

## ANNUAL SHERIFFS' CONVENTION TO BE HELD IN JACKSON

The annual convention of the Tennessee and Mississippi Sheriffs' and Peace Officers Association will meet in Jackson, Mississippi, August 31, September 1 and 2, with the Jackson Police Department and the Hinds County Sheriff's Office acting as hosts.

W. D. Rayfield, chief of the Jackson Police Department is general chairman of the convention. Chief Rayfield in a statement this week invited all members of the association to attend this annual meeting.

"We believe that we have a very good program planned which will include several outstanding speakers, a pistol shoot, bar-b-que, and a dance. The pistol shoot, an event of interest to all law officers, will be on the last day of the meeting according to Capt. J. Wall. There will be an 'individual shoot' where any member of the association can enter. There will be a 'team shoot' where individual teams from the two states may shoot. There will be a State Shoot (Mississippi vs. Tennessee) where the members form the two states will compete. Also planned is a shoot for the ladies which will include wives, daughters, and mothers of the members."

Capt. A. Ray Evans of the Chattanooga, Tennessee Police Department and president of the association will preside. "We are expecting more people officers from the two states to assemble in Jackson for the convention than have ever assembled for such a meeting before," Captain Wall said.

## Paul Johnson, Jr., and Judge J. P. Coleman Vie In Governor's Race

## American Legion Fishing Rodeo Here, Sept. 3rd.

September 3rd has been selected for the 3rd Annual American Legion Fishing Rodeo. This was disclosed today by Leroy Luke, Rodeo Chairman.

Many new and numerous prizes have been added this year. Mr. Luke expressed hope that this would be a bigger and better rodeo than last year's in which a record of 231 youngsters fished for the honors.

This year, as an added attraction, trophies will be given to the boy and girl who catch the most fish.

Regulations for the contest are as follows:

(1) All entrants must be under 16 years of age and must be registered at one of the following places of business:

Western Auto Lee Store  
Maurray Hardware Store  
Colson Fish Market, Waveland.

(2) All catches must be made from the Legion Pier or from the shell pile adjoining the pier.

All local and visiting youngsters are eligible for competition. Cash award will depend on the type and length of the fish presented to the judges.

Chairman Luke stated that a Registered Nurse will be in attendance in the event of injuries sustained during the rodeo. Judges for the contest will be announced later.

The Legion urges all youngsters within the age bracket to compete in the Rodeo.

## Johnson, Coleman To Bid For Coast Votes Tomorrow

Paul B. Johnson and Judge J. P. Coleman will both make their bids for votes on the Gulf Coast tomorrow night.

Both candidates in the runoff for the Governor's position will speak in Gulfport tomorrow night. Johnson will also speak in Biloxi tomorrow night.

He will make his appearance in Gulfport in the afternoon.

Judge Coleman will speak at the East Side Community House in Gulfport tomorrow night at 8 o'clock.

From there he will move to Poyayune and Poplarville where he will make appearances Saturday morning and afternoon.

Both candidates are expected to wind up their campaigns in the Northern part of the State Monday night.

## Toby Scafile Signs To Coach At Port Sulphur

Toby Scafile, son of Mrs. Katie Scafile and the late Arthur Scafile, a graduate of St. Stanislaus in 1937 has signed to coach at Port Sulphur.

Scafile will be the assistant football coach and head track coach at the Louisiana school. He is a graduate of Southeastern Louisiana College where he majored in Physical Education.

Following his graduation he entered the Armed Services, where he served for two years.

While at Stanislaus he played with the Rock-a-chaw varsity in the backfield. He will handle the backfield in his new position.

## Jaycees Invited To Attend Dixie Institute

Members of the Mississippi Junior Chamber of Commerce are invited to attend the annual Jaycee Dixie Institute which will meet in Jackson September 9-11. Heidelberg Hotel will be the convention headquarters.

## Price-Ladner In Sheriff's Race

Tuesday the people of Hancock County will go to the polls to vote in the Second Democratic Primary.

Paul B. Johnson, Jr., of Hattiesburg and Judge J. P. Coleman of Ackerman face each other in Tuesday's runoff for the highest office in the State, the Governor's seat.

In the first primary Johnson led Hancock County by a large vote and he also led the ticket statewide.

Judge Coleman was the dark horse of the race and not expected to be in the second primary. But he is there, beating out former Governor Fielding Wright and Jackson Attorney Ross Barnett.

Mrs. Thomas Bailey is trying for another four year term vice Commissioner Howard Little. The lady goes into the second with a large lead over Little.

Walter L. McGahey and Robert E. Graham vie in the runoff for the office of State Land Commissioner. McGahey led Hancock County in the first.

For Public Service Commissioner W. E. (Bucky) Moore and I. S. (Ike) Sanford are in the second primary. Sanford now holds the position.

In a three county race, L. C. Ladner, superintendent of Kiln High School and John Lumpkin of Carriere are seeking the office of State Senator. The Senator elect will represent Hancock, Pearl River and Lamar Counties.

The office which has created the most interest locally is the Sheriff's race. This is a contest between Sylvan J. Ladner, Jr., present Commissioner of Finance of the City and Gerald V. Price, Sr., a former Constable of Beat 5.

Price led the first primary ticket with Ladner a rather close second.

Other officers of interest county wide is the Clerk of Courts race between incumbent A. C. Mitchell and Warren Carver, a former Mayor of Bay St. Louis.

Mitchell led by a large majority in the first race. Walter James Phillips and Clarence Ladner are opponents in the runoff in the County Representative race. Phillips was top man in the first primary.

R. G. (Manny) Hubbard, present Supervisor of Beat 5 and Sheriff John Egloff meet in the runoff for the Supervisor's position. Hubbard was the leading candidate in the August 2 election.

Other races in Beat 5 see Constable Nolan Kingston seeking re-election against Herman Mazarakis of Waveland and Nolan Ladner and Edward Fayard in the runoff for Justice of the Peace.

The focal point in the heart of the county is the traditional race between Jack Low and Lander Ne-casse for the Supervisor's office in Beat 4. Lott is the present Supervisor.

Around the other parts of the County the races shape up as follows:

Justice of the Peace Beat 1—Joseph E. Bennett and Charles P. Lowe, Sr.

Justice of the Peace Beat 2—C. C. Keller and C. W. Brunson.

Constable Beat 2—William Louis Thigpen, Jr. and Clarence Wheat.

Constable Beat 3—Clifton Sautier and Hubert J. Dedaux.

mally christened last week with the College All-Stars giving the pro Cleveland Browns a thorough shellacking.

Here in Bay St. Louis preparations are being made for that season of the year when peoples' attentions are directed toward 22 men on a 100 yard field.

Bay High has started pre-season training and Coach Lance Lumpkin began his second year as head coach of the Tigers.

St. Stanislaus will start Monday with their preps, with Coach Farley Day once again handling the reins of the head coaching position. He will again be assisted by Herb Adams, who came here last season from

Long Beach.

Coach Lumpkin will be assisted in his duties by Coach Donald Caldwell.

Both schools should be optimistic. Their material looks good and without any mishaps both teams should have a successful season.

We grant that they both lost a great deal of strength through graduation, but on the other hand we feel that both teams are equipped with a number of young boys, who with last year's experience under their belts should be able to pick up the slack.

Then too, there is a crew of newcomers. Though these boys are green, they can be developed.

So all in all the outlook is pretty good.

I think all the local fans are in for a lot of action.

Action that you don't want to miss.

## Over Thirty Boys Report For Pre-Season Practice At Bay High

Over 30 boys answered the call for pre-season practice at Bay High Monday.

Coach Lance Lumpkin expressed his satisfaction in the turnout and stated that he expects a few more late comers to report by the end of the week.

"Several of the boys have summer jobs and are finishing out the week of work before they report for training. But I am well satisfied with the group that showed up for the first day."

"We have a couple of young boys with a lot of weight and some with a lot of speed. All in all the youngsters look pretty promising."

The four big guns in the back field, Hugo Favre, Grady Perkins, Henry Monti and Tammy Holden are back again for another year of action on the gridiron.

Favre was the big gun in the Tiger offensive attack last year. His power blasts through the

center of the line and off tackle plays sparked Bay High in many of its games.

Perkins is the youngster with a load on his shoulders.

He and Wayne Allison will share the quarterbacking duties left vacant by Donald Cole, the veteran who graduated in June.

But from all indications and past performances the two boys should more than adequately fill his shoes.

The biggest hole in the Tiger lineup at this point is the end positions. Kent Seller and Clayton Adams, two of best leaders of last year's squad have graduated and at this time Coach Lumpkin hasn't found anyone to take their places.

The center of the line should be strong with Larry Landrum, Tommy Carl, Fred De Haan, Donald and Ronald Maurigi back in the lineup. These lettermen of last year will be aided by a number of newcomers and members of last year's junior team.

## St. Aloysius And Holy Name Are Practicing Here

St. Aloysius of New Orleans and Holy Name of Algiers are holding their pre-season practice at St. Stanislaus.

The two Louisiana schools arrived Sunday and began work Monday at the Stanislaus stadium.

Both will be here for ten days.

The boys of St. Aloysius are being directed by head Coach Andy Douglas and Coach Harry Hahn, former star of Tulane University, is directing the training of the boys from Algiers.

The two teams have scrimmaged each day this week.

While here the boys are staying in the Stanislaus dormitories.

## Appointed Dist. Manager

N. C. Henderson, district manager at Hattiesburg, has been appointed South Mississippi

State manager of the Woodmen of the World Life Insurance Society. His appointment, effective August 1, was announced by President Farrar Newberry at the society's headquarters in Omaha.

Mr. Henderson, who holds a Bachelor's degree in business administration, was a member of the society's staff for the death of James E. McAbee of Jackson.

Long active in the society's local and state camp activities, Mr. Henderson became a field representative more than 12 years ago. He is currently consul of the Mississippi Head Camp.

Prior to becoming a Woodman field man, Mr. Henderson was a high school teacher and athletic coach at Alexandria, La.

## ASC Delegates To Elect County Committee

As a result of the community ASC election held in the county on Tuesday, August 16, 1955 for the election of community ASC committeemen and delegates to the county convention

to elect the 3-man county committee the following were elected:

Catahoula-Leetown — Theo Bilbo.  
Dedeaux Sells — Horatio Harriel.  
Lakshore-Bay St. Louis — Ed Green.  
Kiln-Rocky Hill — Agnel Cuevas, Jr.  
Napoleon-Ansley — J. W. Hoover.  
Flatop-Aaron Academy — Leon Davis.

The above elected delegates will assemble on Monday, August 22, 1955 for the purpose of electing the 3-man county committee to serve in 1956. The county convention will be held in the conference room of the county ASC office located in the agricultural center building, Bay St. Louis, Miss., on Monday, August 22, at 10:00 a. m., according to Mary E. Favre, Secretary-Treasurer, Hancock County ASC.

## Horticulturist To Speak Here Friday, Aug. 19

Chesley Hines, Extension Horticulturist from State College, will be the speaker for the Hancock County Livestock Association Meeting to be held Friday morning, August 19th at 10:00 o'clock at the Ocho Rester, President. Mr. Hines will discuss the use of spray materials, seeds, the fertilization program and diseases of crops and fruit trees, particularly pecans.

Hancock County is a heavy pecan producing section and Mr. Rester stated that he felt Mr. Hines would have items of interest to every person in the county. He will be able to answer a lot of questions, particularly those coming up as a result of the March 27 freeze which did considerable damage to the pecan section.

After the close of Mr. Hines all progress reports will be made on the FB and bangs eradication program.

## HONEST

ENERGETIC

MRS. THOMAS L. BAILEY

(Widow of the late Governor Bailey)

For Re-election as STATE TAX COLLECTOR.

Paid for by friends of the late Governor and Mrs. Thomas L. Bailey. Submitted to and approved by Mrs. Thomas L. Bailey.

## THE WHOLE TRUTH

Mrs. Thomas L. Bailey's method of collecting taxes approved by our state legislative Committee on Ways and Means. This method has doubled previously used methods. Even collecting more Liqueur Taxes in 1954 than was collected by the State Tax Commission on Sales Taxes.

Mrs. Thomas L. Bailey's opponent, a Public Service Commissioner for the past eight years has sat by allowing Telephone rates and Freight and Motor Carrier rates to steadily increase without lifting a finger in protest.

Mrs. Thomas L. Bailey's opponent as a Public Service Commissioner was derelict in his duties by permitting Southern Bell Telephone Company to continue to operate outside the jurisdiction of the Commission since 1951.

Mrs. Thomas L. Bailey has honestly executed the laws governing the Tax Collector for the State, never compromising to the detriment of the taxpayers with anyone, accounting for all taxes collected as required by law.

Mrs. Thomas L. Bailey is being fought by the tax dodging bootleggers who are spreading false and misleading charges.

# THINK BEFORE YOU VOTE FOR SHERIFF AND TAX COLLECTOR

Do you want a "satchel" man knocking at your place of business every Monday morning for the next four years for your "protection?"

If so, don't vote for me, for I have never had such a character working for me, nor have I ever accepted a pay-off from any type of business.

To those of you who did not know my opponent during the time that he was Constable of Beat 5, you might ask him whether or not he ever accepted any pay-offs.

If you want the SYNDICATE back in control, don't waste your vote on me.

My opponent cannot truthfully deny that the SYNDICATE (and you know who I am talking about) is backing him to the hilt, and is more interested in him being elected than life itself.

Neither can my opponent deny that the ex-"satchel" boy for the SYNDICATE (the short, fat, red-headed 'Ducky' fella, who waddles about the beach front and talks a lot, and who hasn't been

caught working since the slot machines disappeared) has 2 big signs for Gerald Price on his truck and has already made many calls on the business places on the Highway and elsewhere, setting forth a new "program of action" if Price is elected.

But I just don't believe the people of this county want to put up with him or his type for the next 4 years. But if you do, don't vote for me.

Some of you boys in the "back woods" who work by the moon light have been told by my opposition that Sylvan Ladner, Jr., is a "Blue Law" boy. This is absolutely false. But did my opposition tell you what the "pay-off" is going to be if I am defeated?

The rumor I hear is that you will have to "deal" with one man in each beat if my opponent is elected. That makes it more streamlined. The SYNDICATE doesn't like too many 'middle-men', for the overhead is greater.

If Sylvan J. Ladner, Jr., is elected I am going to be fair, honest, and diligent in the performance of my job. There will be no SYNDICATE to dictate to me; there will be no rackets or racketeering; I will have competent deputies at all times; that during the month of January at the rush period for tax paying the Sheriff's office will be open six (6) days a week from 8 A. M. to 5 P. M.; that in October during the time of purchasing license plates the office will be open six (6) days a week from 8 A. M. to 5 P. M.

I can sincerely say that I have enjoyed making this race and appreciate the wonderful hospitality of the many people of the county who have given me encouragement and support. I am sorry that I could not afford a lot of fish and other entertainment - but if you elect me your Sheriff & Tax Collector for the next four years, I will return all your favors, and I believe I will make you proud you voted for me.

Elizabeth Kambur Weds  
Armand Matherne Here

Our Lady of the Gulf Catholic Church was the scene of the wedding of Miss Andrea Elizabeth Kambur, daughter of Mr. and Mrs. James Kambur of Bay St. Louis and New Orleans, to Mr. Armand Joseph Matherne, on Saturday, August 6, at high noon.

Rev. Father Hugh J. Taylor officiated at the double ring ceremony. The church was decorated with baskets of white gladiolas and stock on the altar and down the aisles. Other arrangements of white gladiolas and smilax garlands were used.

Given in marriage by her father, the bride wore a lovely gown of white pleated tulle and chiffon lace fashioned with an off-the-shoulder bodice and bouffant skirt with a cascade of lace ending in a chapel train. Her fingertip veil of illusion was held to the head with a tiara of pearls and lace. The groom wore a tuxedo with a white shirt and a white bow tie.

Mrs. James B. Moss, sister of the bride, of Clavis, New

Mexico, was matron of honor; her floor-length gown was of champagne pleated tulle and chiffon lace. She wore a hat of matching color and carried a bouquet of bird of paradise. The bridesmaids, Mrs. Lee Ward, sister of the bride, Mrs. Bernard T. Hishman and Miss Colleen Hallaron, all of New Orleans, wore gowns fashioned on the same lines as the matron of honor's in aqua tulle and wore matching hats. Their bouquets were of bird of paradise.

The bridegroom, who is the son of Mrs. Aimee Matherne and the late Mr. Aleide Matherne of New Orleans, had the brother of the bride, Mr. Camille Matherne, of New Orleans as best man. Groomsmen were Mr. George J. Kambur, brother of the bride, Dr. Maurice Harizan and Mr. Alfred Firmant, all of New Orleans. Ushers were Messrs. Anthony J. Kambur, brother of the bride, Henry Kirch and Abel Matherne, cousin of the bridegroom, all of New Orleans.

## CARD OF THANKS

S. J. Mothers Club wishes to thank all those that helped with the candy booth for the Church Fair.

Mrs. Sheldon Seuzeneau Corresponding secretary and Mrs. Ivan Bradford, President.

At the reception held at the home of the bride's parents, the bridal party was assisted in receiving by her mother who was seated in a beige dress of chiffon and chandilly lace. With this she wore a bronze hat and accessories and a bronze orchid corsage. Miss Clothilde Thomas, cousin of the bride of Los Angeles, California, who was in the receiving line, wore an ash-rose dress trimmed with imported lace and a white orchid corsage. The groom's mother wore a pale blue dress with white accessories and white orchid corsage.

For traveling to Washington, D. C., and Canada, the bride wore a red and white silk cotton suit. She wore a black felt hat and black and white accessories. Upon their return they will be at home in New Orleans Mrs. Matherne attended Newcomb College and was graduated from Tulane university where she received a B. A. degree.

**WE'RE ALL PROUD OF THE Gulf South**

More industrial construction contracts were let in the Gulf South during the past ten years than in New York, New Jersey, Pennsylvania and all New England combined.

That's nearly \$3 1/2 BILLION of new industry for the Gulf South - 18% of the U.S. total. \$2 1/2 BILLION more is proposed for this area.

United Gas, for sixteen years, has been telling the world the amazing industrial development story of the Gulf South through advertisements in such national publications as Time, Newsweek, U. S. News & World Report, Business Week and Wall Street Journal.

One is a bustling, booming, busy area of markets, manpower and machinery. Whether you live in Texas, Louisiana, Mississippi, Alabama or northwest Florida you are a citizen of the Gulf South and can be proud of its industrial might and its ability to live and work.

## We Like Our Streets Rough

Tuesday, August 9th, the people of Bay St. Louis voted 457 to 428 against street improvements and drainage. The bond issue, submitted to the people by the members of the Commission Council of the City, was for \$116,000.00 with provisions for the payment from the present city sales tax now being collected and previously voted by the people. Thus, there would be no tax levied for the payment of the bonds—and no increase in taxes. In this way, a certain amount of the sales tax collected would be set aside for the improvements.

The drainage and pavement of Railroad Ave. was one of the projects included. This street, or road, and the large area around it is usually under water, and very rough to travel, because it is impossible to keep it graded due to the fact that it is below the level of the railroad and a large amount of heavy culverts are necessary to drain the water a long distance. It is useless to attempt to pave it unless it is drained first. Besides the constant overflow on the nearby resident this road is the short cut to and from Waveland, and is vital when the beach is not safe from heavy spray.

In this bond issue there were 30 other streets in Bay St. Louis, most of which are dirt streets. These streets were to be widened and paved with asphalt. Carroll Avenue, which is one of the widest and prettiest streets in town, and which is badly cracked from heavy traffic for the past twenty years, was likewise to the program. This street was to be resurfaced with 4-inch asphalt paving.

A majority of those voting, voted against these improvements. To you who live on dirt streets, and to you who live on rough worn-out paved streets, your neighbor, who probably lives on a good street, forgot about you, and forgot that they, too, travel those streets—and that they are part of the city in which they live. Maybe some of you who live on those bad streets either forgot to vote, or you were grossly misinformed through some selfish citizen.

Someone may say, "Why can't the City make these improvements without a bond issue?" The answer is simple and plain; the sales tax comes in monthly as it is collected and returned from Jackson to our city, and it is impossible to make any noticeable road or drainage improvements as you collect the monthly amount. It would be the same as an individual building a \$5,000.00 home, and make only \$200.00 per month. To build the house, you go to the bank, or another lending institution, borrow \$5,000.00, and build the house, move in, use it, and then pay for it out of your monthly income.

To build streets for a city, you don't use what you get per month and first grade the street, and wait for the next month for some more money, for if you did, you would have to start back grading again, for the first grade would be washed out, and so on.

Some of the "progressive" people you hear talk about bringing industry to Bay St. Louis were absent Tuesday, or a number of them we know, voted "No." They may have some reason—but one thing certain, it was not for the good of the town.

This proposal was advertised in detail for four consecutive

## IT'S PERFORMANCE THAT COUNTS!

CAPTAIN JOE S. ANDERSON tells why he uses Flite-Fuel!

"I'm Captain of an American Airlines DC-7. I know that Phillips 66 Aviation Gasoline is outstanding for performance because we use it regularly. In 'Avgas' it's performance that counts... and I judge automobile gasoline the same way. In my car I use Phillips 66 FLITE-FUEL. FLITE-FUEL is the only automobile gasoline with added Di-isopropyl, a high-powered aviation fuel component. It gives wonderful performance in my car."

Captain Joe S. Anderson, American Airlines

## Count on Flite-Fuel for Super Performance!

If it's top performance you want, fill up with powerful new FLITE-FUEL. Both new FLITE-FUEL and new Phillips 66 Gasoline have been fortified for increased power, higher octane, longer mileage. ## Which Will You Have As Your Pilot JUDGE J. P. COLEMAN or His Opponent?

- \*Town Attorney, 1939-46
- \*Attorney for Board of Supervisors, 1939-46
- \*District Attorney, 1940-46
- \*Circuit Judge, 1947-50
- \*Mississippi State Supreme Court, 1950
- \*Attorney General of Mississippi, since October 23, 1950
- \*Mississippi Legal Education Advisory Commission, since 1954
- \*State Board of Education, since October 23, 1950
- \*Won all cases in U. S. Supreme Court, except one.

(Our Opponent has not served a SINGLE DAY in any of these places of public trust and responsibility.)

## This Second Primary Campaign For Governor Is A Contest Between Two Ways of Life

One is the American Way, the Mississippi Way, the Traditional Way - which guarantees the opportunity for any person to rise from a humble beginning to become a great Minister, a great Lawyer, a great Doctor, or a faithful Public Servant, IF he is willing to work, IF he prepares himself, and IF he proves himself worthy in lesser places BEFORE he asks for a position of higher trust and responsibility.

The other way is the one form which our forefathers fled more than 200 years ago. When they wrote the Constitution of the United States, they were careful to provide that there should be no titles of nobility and no system by which the son could succeed to the position of honor, trust, and authority of the father, simply by right of inheritance.

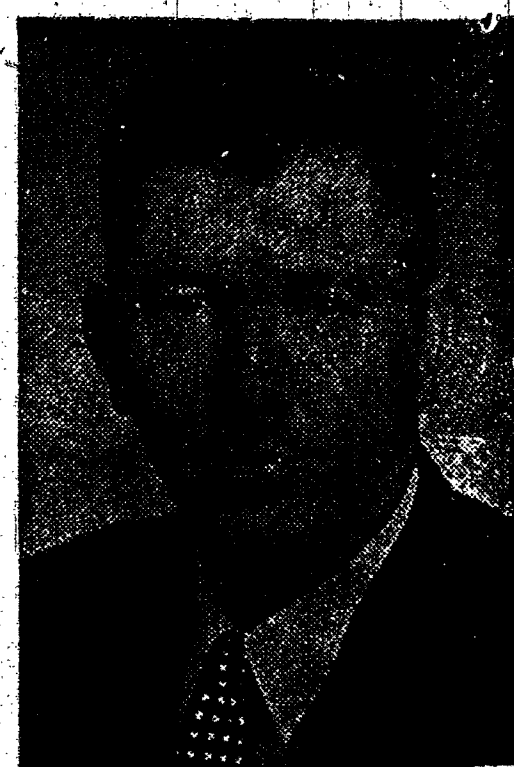

## JUDGE J. P. COLEMAN HAS ALWAYS STOOD FOR:

- \*The preservation of the public schools
- \*The absolute maintenance of segregation
- \*Honest Government in all its phases
- \*The fair regulation of public utilities
- \*And all the other planks in his program which the people approved by their votes in the first primary.

If elected on August 23rd, J. P. COLEMAN, will not betray YOUR confidence in him.

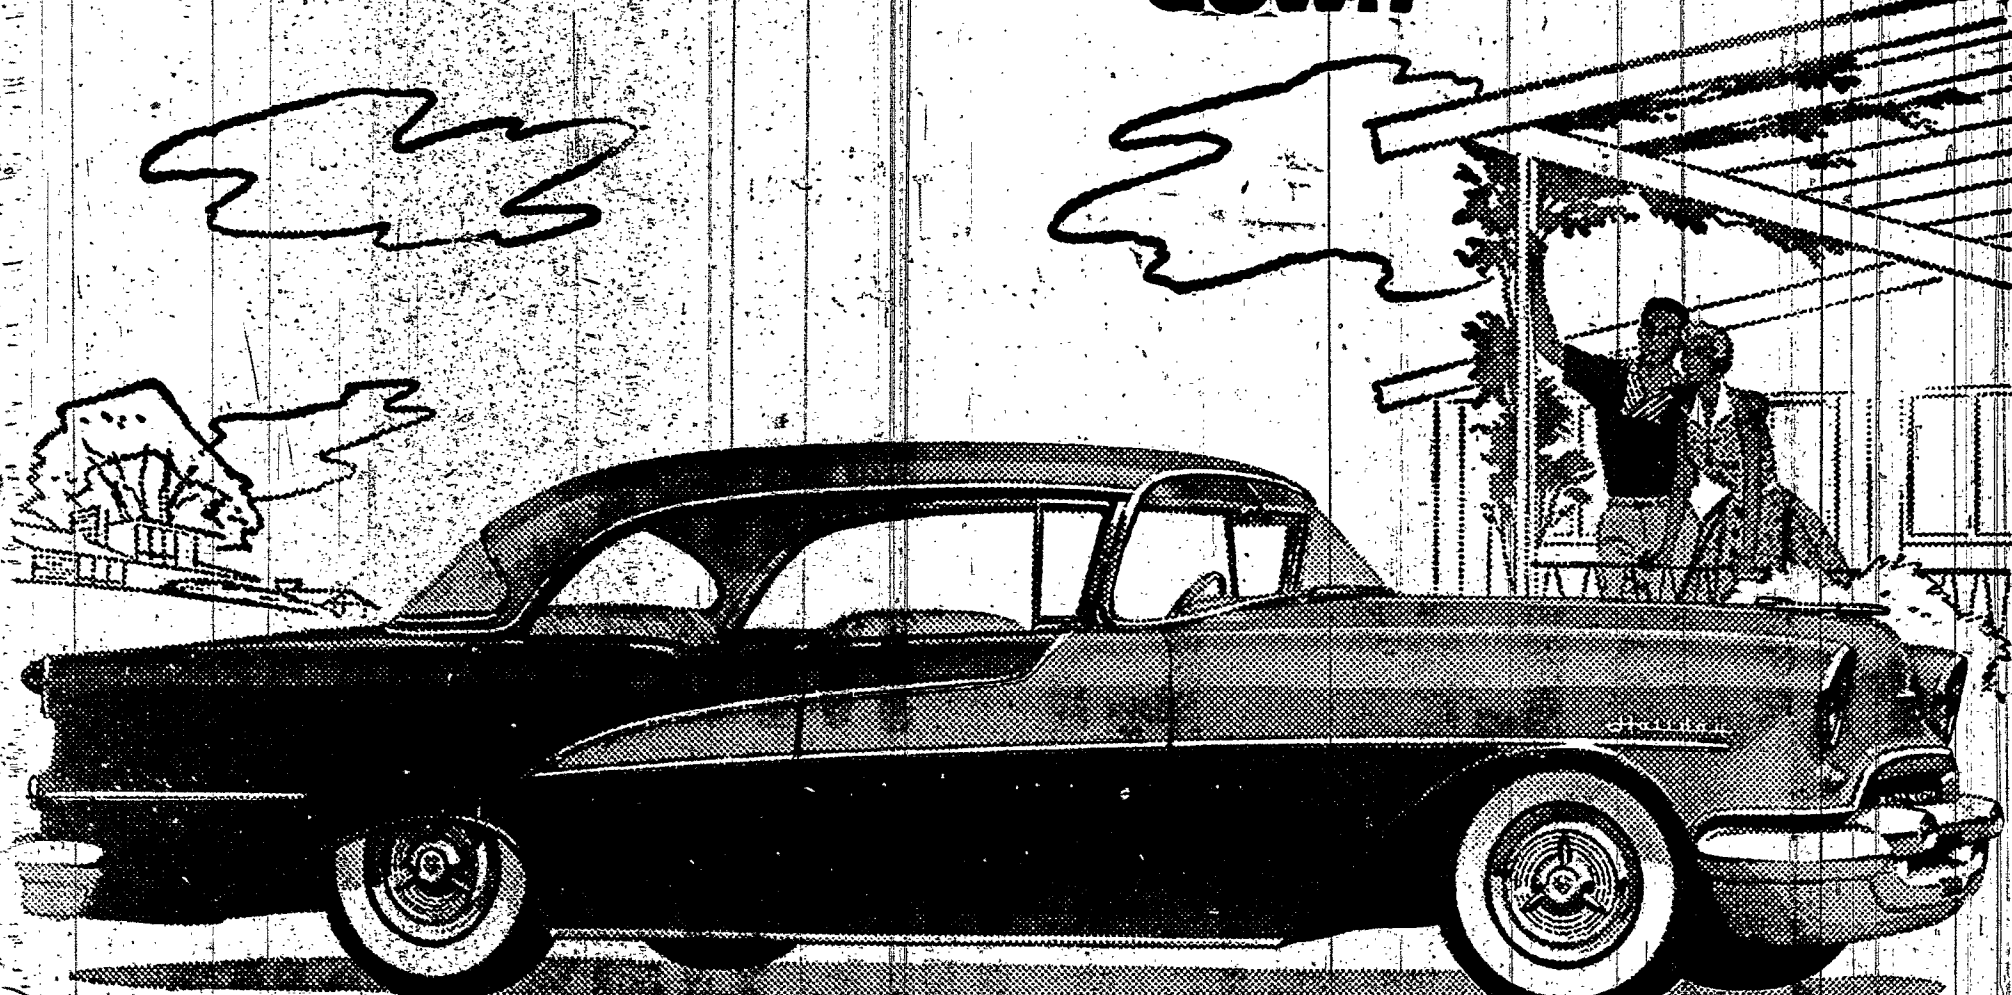

Cast a vote for Mississippi on August 23rd. Vote for J. P. COLEMAN. He will ever remain humbly grateful and prayerfully devoted to the service of all the people of Mississippi.

(Approved by Henry Mattox, Campaign Manager)

J. P. Coleman

## Elizabeth Kambur Weds Armand Matherne Here

Our Lady of the Gulf Catholic Church was the scene of the wedding of Miss Andrea Elizabeth Kambur, daughter of Mr. and Mrs. James Kambur of Bay St. Louis and New Orleans, to Mr. Armand Joseph Matherne, on Saturday, August 6, at high noon.

Rev. Father Hugh J. Taylor officiated at the double ring ceremony. The church was decorated with baskets of white gladiolas and stock on the altar and down the aisles. Other arrangements of white gladiolas and smilax garlands were used.

Given in marriage by her father, the bride wore a lovely gown of white pleated tulle and chantilly lace fashioned with an off-the-shoulder bodice and bouffant skirt with a cascade of lace ending in a chapel train. Her fingertip veil of illusion was held to the head with a tiara of pearls and lace. She carried an arrangement of lily of the valley centered with a white Mrs. James B. Moss, sister of the bride, of Clovis, New

Mexico, was matron of honor; her floor-length gown was of champagne pleated tulle and chantilly lace. She wore a hat of matching color and carried a bouquet of bird of paradise. The bridesmaids, Mrs. Lee Ward, sister of the bride, Mrs. Bernard P. Hishman and Miss Colleen Halloran, all of New Orleans, wore gowns fashioned on the same lines as the matron of honor's in aqua tulle and wore matching hats. Their bouquets were of bird of paradise.

The bridegroom, who is the son of Mrs. Aimee Matherne and the late Mr. Alcide Matherne of New Orleans, had the brother of the bride, Mr. Camille Matherne, of New Orleans as best man. Groomsmen were Mr. George J. Kambur, brother of the bride, Dr. Maurice Harigan and Mr. Alfred Firmant, all of New Orleans. Ushers were Messrs. Anthony J. Kambur, brother of the bride, Henry Kirch and Abel Matherne, cousin of the bridegroom, all of New Orleans.

## CARD OF THANKS

S. J. Mothers Club wishes to thank all those that helped with the candy booth for the Church Fair.

Mrs. Sheldon Seuzeneau Corresponding secretary and Mrs. Ivan Bradford, President.

At the reception held at the home of the bride's parents, the bridal party was assisted in receiving by her mother who was attired in a beige dress of chiffon and chantilly lace. With this, she wore a bronze hat and accessories and a bronze orchid corsage. Miss Clothilde Thomas, cousin of the bride of Los Angeles, California, who was in the receiving line, wore an ash of roses dress trimmed with imported lace and a white orchid corsage. The groom's mother wore a pale blue dress with white accessories and white orchid corsage.

For traveling to Washington, D. C., and Canada, the bride wore a red and white silk cotton suit. She wore a black felt hat and black and white accessories. Upon their return they will be at home in New Orleans. Mrs. Matherne attended Newcomb College and was graduated from Tulane university where she received a B. A. degree.

## We Like Our Streets Rough

Tuesday, August 9th, the people of Bay St. Louis voted 457 to 428 against street improvements and drainage. The bond issue, submitted to the people by the members of the Commission Council of the City, was for \$116,000.00 with provisions for the payment from the present city sales tax now being collected and previously voted by the people. Thus, there would be no tax levied for the payment of the bonds—and no increase in taxes. In this way, a certain amount of the sales tax collected would be set aside for the improvements.

The drainage and pavement of Railroad Ave. was one of the projects included. This street, or road, and the large area around it is usually under water, and very rough to travel, because it is impossible to keep it graded due to the fact that it is below the level of the railroad, and a large amount of heavy culverts are necessary to drain the water a long distance. It is useless to attempt to pave it unless it is drained first. Besides the constant overflow on the nearby resident this road is the short cut to and from Waveland, and is vital when the beach is not safe from heavy spray.

In this bond issue there were 30 other streets in Bay St. Louis, most of which are dirt streets. These streets were to be widened and paved with asphalt. Carroll Avenue, which is one of the widest and prettiest streets in town, and which is badly cracked from heavy traffic for the past twenty years, was likewise to the program. This street was to be resurfaced with 4-inch asphalt paving.

A majority of those voting, voted against these improvements. To you who live on dirt streets, and to you who live on rough, worn-out paved streets, your neighbor, who probably lives on a good street, forgot about you, and forgot that they, too, travel those streets—and that they are part of the city in which they live. Maybe some of you who live on those bad streets either forgot to vote, or you were grossly misinformed through some selfish citizen.

Someone may say, "Why can't the City make these improvements without a bond issue?" The answer is simple and plain; the sales tax comes in monthly as it is collected and returned from Jackson to our city, and it is impossible to make any noticeable road or drainage improvements as you collect the monthly amount. It would be the same as an individual building a \$5,000.00 home, and make only \$200.00 per month. To build the house, you go to the bank, or another lending institution, borrow \$5,000.00, and build the house, move in, use it, and then pay for it out of your monthly income.

To build streets for a city, you don't use what you get per month and first grade the street, and wait for the next month for some more money, for if you did, you would have to start back grading again, for the first grade would be washed out, and so on.

Same of the "progressive" people you hear talk about bringing INDUSTRY to Bay St. Louis were absent Tuesday, or a number of them we know, voted "No." They may have some reason—but one thing certain; it was not for the good of the town.

This proposal was advertised in detail for four consecutive

## IT'S PERFORMANCE THAT COUNTS!

CAPTAIN JOE S. ANDERSON tells why he uses Flite-Fuel

"I'm Captain of an American Airlines DC-7 Flite-Fuel. I know that Phillips 66 Aviation Gasoline is outstanding for performance because we use it regularly. In 'Avgas' it's performance that counts... and I judge automobile gasoline the same way."

"In my car I use Phillips 66 FLITE-FUEL. FLITE-FUEL is the only automobile gasoline with added Di-isopropyl, a high-powered aviation fuel component. It gives wonderful performance in my car."

## Which Will You Have As Your Pilot JUDGE J. P. COLEMAN or His Opponent?

- \*Town Attorney, 1939-46
- \*Attorney for Board of Supervisors, 1939-46
- \*District Attorney, 1940-46
- \*Circuit Judge, 1947-50
- \*Mississippi State Supreme Court, 1950
- \*Attorney General of Mississippi, since October 23, 1950

- \*State Board of Education, since October 23, 1950
- \*Won all cases in U. S. Supreme Court, except one.

## This Second Primary Campaign For Governor Is A Contest Between Two Ways of Life

One is the American Way, the Mississippi Way, the Traditional Way - which guarantees the opportunity for any person to rise from a humble beginning to become a great Minister, a great Lawyer, a great Doctor, or a faithful Public Servant, IF he is willing to work, IF he prepares himself, and IF he proves himself worthy in lesser places BEFORE he asks for a position of higher trust and responsibility.

(Our Opponent has not served a SINGLE DAY in any of these places of public trust and responsibility.)

The other way is the one form which our forefathers fled more than 200 years ago. When they wrote the Constitution of the United States, they were careful to provide that there should be no titles of nobility and no system by which the son could succeed to the position of honor, trust, and authority of the father, simply by right of inheritance.

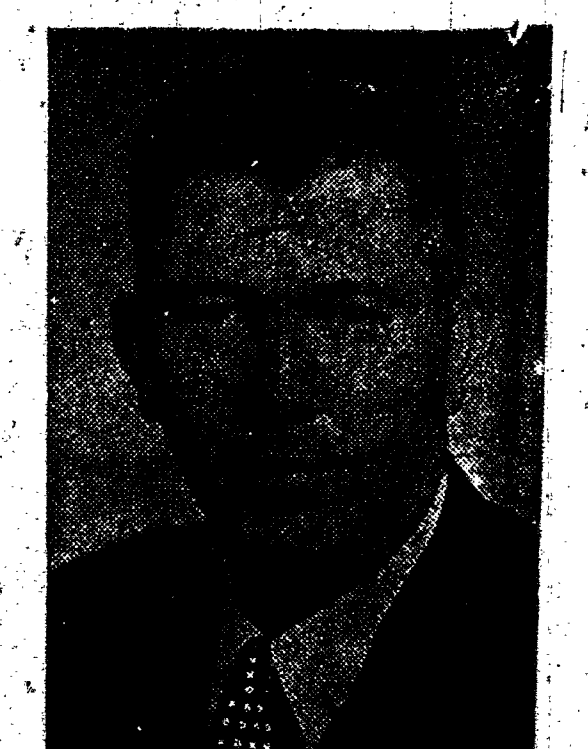

## JUDGE J. P. COLEMAN HAS ALWAYS STOOD FOR:

- \*The preservation of the public schools
- \*The absolute maintenance of segregation
- \*Honest Government in all its phases
- \*The fair regulation of public utilities
- \*And all the other planks in his program which the people approved by their votes in the first primary.

If elected on August 23rd, J. P. COLEMAN, will not betray YOUR confidence in him.

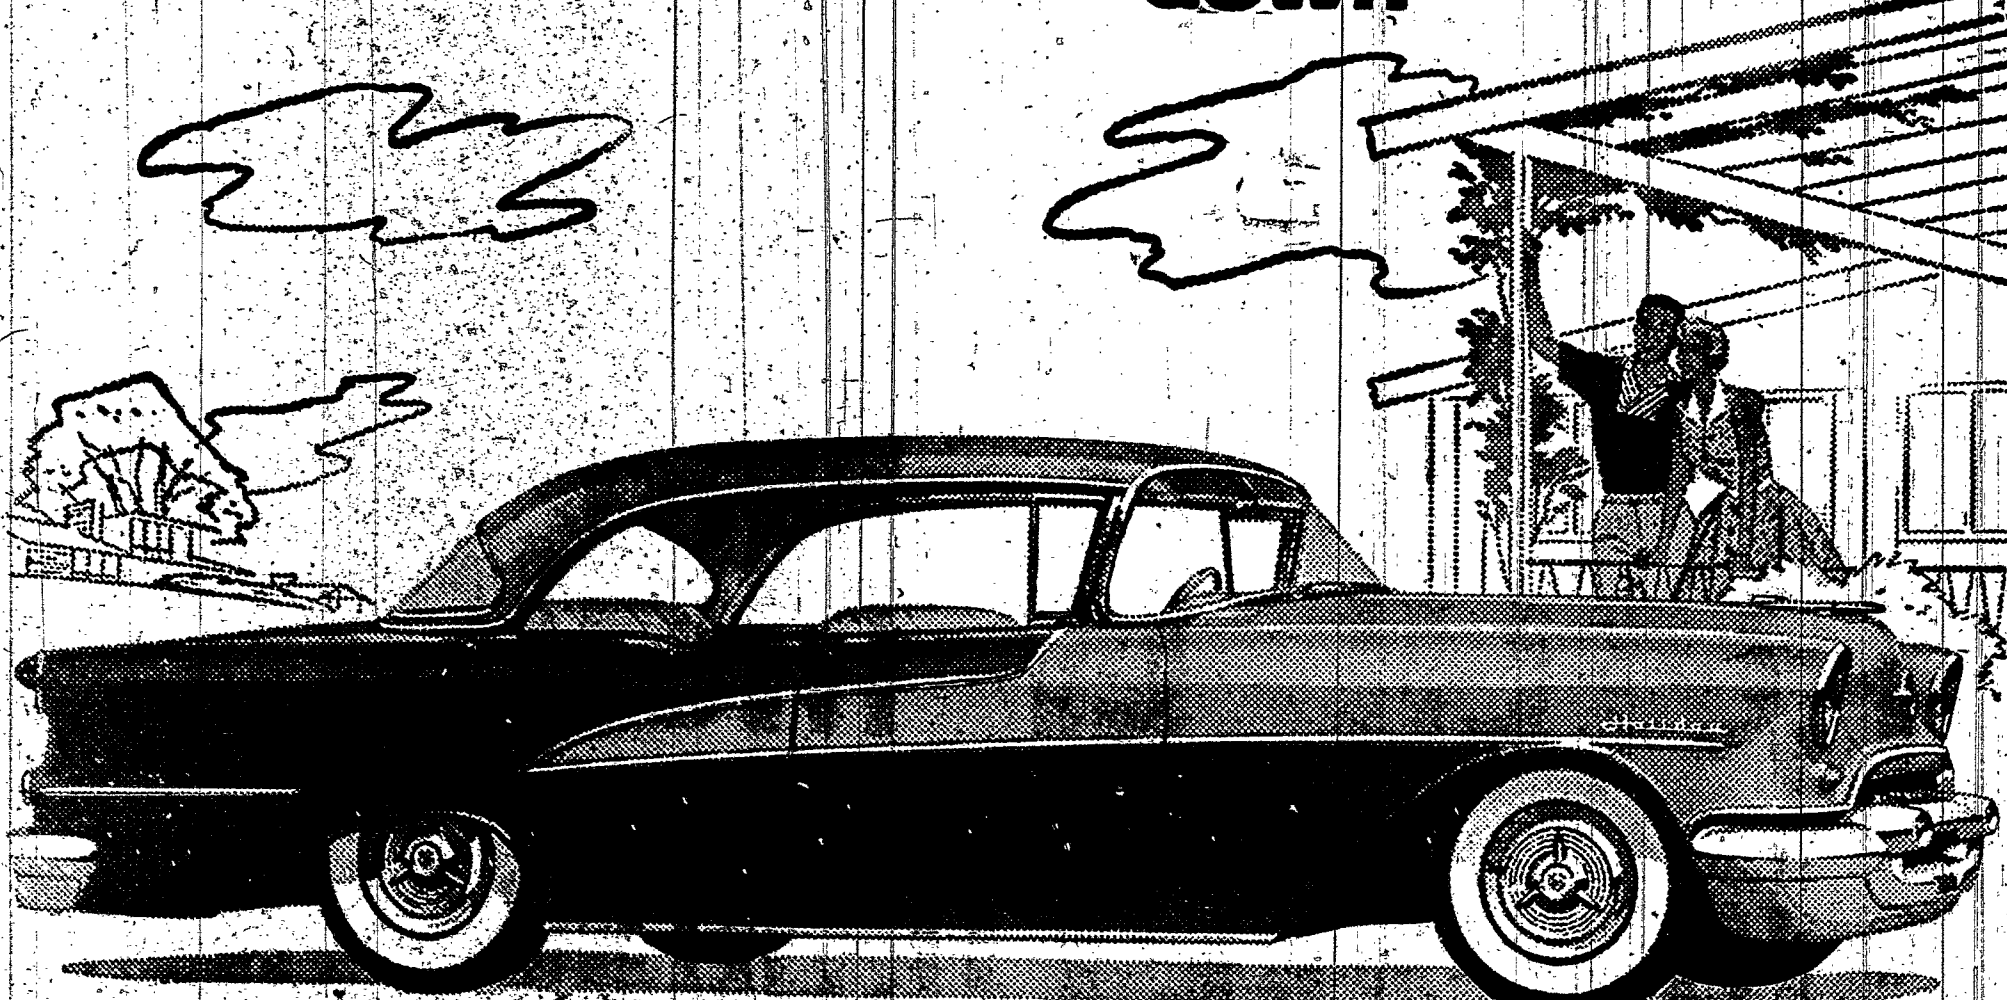

Cast a vote for Mississippi on August 23rd. Vote for J. P. COLEMAN. He will ever remain humbly grateful and prayerfully devoted to the service of all the people of Mississippi.

## THANK YOU

To The Voters of Beat Five, Hancock County:

At this time I want to thank each and everyone of you who voted for me in the August 2 Democratic Primary.

It was very gratifying to see that I had so many friends, who believed in me and the things for which I stand.

I want to congratulate my opponents, and wish those two, who were fortunate enough to enter the second race, the best of luck.

I want you to know that whoever wins I will co-operate with them 100 percent.

I hold no ill feeling toward anyone. If you voted against me I know you had a good reason to do so.

Again I want to thank you for your support and confidence.

Sincerely yours,  
Arthur (Pat) Garcia

## DUDLEY J. CARVER RETIRES FROM CIVIL SERVICE WORK AT KEESLER

Dudley J. Carver a native of Bay St. Louis and the former featherweight boxing champion of Mississippi during the Golden era of fisticuffs on the Gulf Coast, is now a retired government worker.

Carver retired from his civil service position after 30 years of duty including his military time Carver has served over 40 years in both military and governmental capacities.

Besides the fame he accumulated in Mississippi boxing circles, Carver held the Armed Forces featherweight crown from 1921 until 1926. He received his discharge from the Navy in 1931 and re-enlisted in the Coast Guard, staying in until 1935.

Following his discharge from the Coast Guard Carver worked as mail carrier in Biloxi covering the city and rural routes. He later acquired a job with the Biloxi Veterans Administration hospital and held this for seven years before he entered Civil Service, work at Keesler Field.

While boxing on the Gulf Coast and around Mississippi Carver was trained and managed by Sidney Manieri of Union Street.

Manieri was one of the leading handlers of boxing in this territory during those days. Even today he is regarded as an authority on sports and on many occasions is called upon for information of boxing in yesterday's years.

Recently in a newspaper article Manieri, reminiscing on ringmen of the past compared Dudley Carver to Ralph Dupas, the New Orleans school boy who is ranked as the number two lightweight in the World and who is regarded as one of the cleverest boxers ever to come out of the Crescent City.

"Dudley had the same style as Ralph," Manieri said.

"He was a beautiful boxer and could have gone to the top if he had concentrated on the game."

With all these years of action and intrigue behind him Dudley Carver can now sit back in an old rocker and think about his achievements and the honors he has received.

## Tourney Attracts Much Interest

The first Annual Pass Christian Invitational Amateur Golf Tourney, slated for Sunday, August 21st, is receiving considerable attention from the Mississippi and Louisiana golfers.

Many visitors who often are looking for a good excuse to come to the Gulf Coast, have sent in their entry blanks and are eagerly awaiting the start of activities.

The entrance fee of five (\$5.00) dollars, includes practice rounds Saturday, Barbecue supper Saturday night and 18-hole medal play Sunday.

There are four classes, men and women with handicaps being used to place the participants in different flights. There will be low gross and low net awards made in each flight.

Merchants from Gulfport, Long Beach, Pass Christian, Bay-Waveland, and New Orleans have donated over sixty prizes, ranging from a set of new woods to a pair of lawn chairs.

Those interested in viewing the matches are invited to come out and watch their favorites perform.

Approximately thirty men and women from Bay St. Louis and Waveland are expected to enter.

All handicaps must be certified by your Chairman or by your Club Pro.

Anyone desiring to enter who has not received an entry blank is urged to mail a check to Alex Cunningham, Box 434, Pass Christian, Mississippi, for five (\$5.00) dollars, and include your name, address, and handicap.

The Club Champion at present in the men's division is Dick Merritt of Bay St. Louis with Roy Capehart of Pass Christian, runner-up; the women's champion is Mrs. Phillip Foote of Waveland with Mrs. John McDonald, runner-up.

## Pastor Designates Baptist Church Loyalty Month

The four weeks August 14 through September 11 have been designated "Church Loyalty Month" at the First Baptist Church, according to Pastor Schuyler Batson. This month long emphasis on high attendance at all regular worship services is essentially a laymen's movement to "pack the pews" of the First Baptist Church at

a time when church attendance ordinarily is at a 12 month low. Last Thursday evening a group of some 30 interested men and women met with Mr. Alton Siren, Chairman of Deacons, to do something constructive toward "packing the pews" for both Sunday Worship services and Wednesday evening Prayer Meetings during the four weeks of loyalty emphasis. All members of the local church as well as week-end and summer visitors to the Bay are urged to be at all services during the month. Volunteer attendance captains will both visit in the homes and make calls

to the homes of the members in an effort to enlist every Baptist. The Brotherhood of the Church will meet on Thursday evening for a fish fry following which the men will hear a message by Dr. Joe T. Odle, pastor of Gulfport's First Baptist Church. The meeting will get underway promptly at 7:00 o'clock Thursday evening. All resident and non-resident Baptists are urged to support this Church Loyalty Month emphasis and any who do not have a church home in the Bay will find a warm welcome to the First Baptist Church on Main

# Clarence M. Ladner

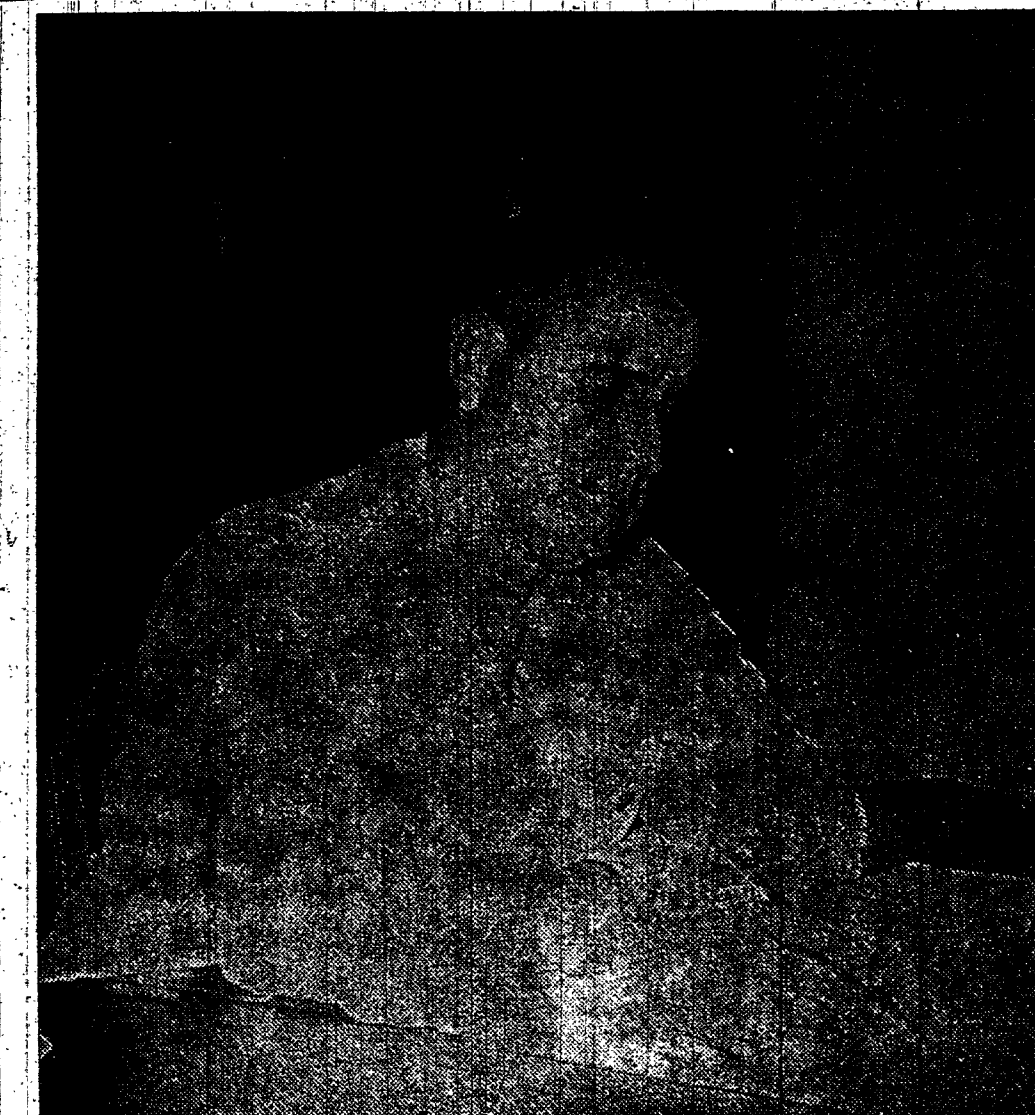

## State Representative OF Hancock County

I am 39 years of age. Born and reared in Hancock County where I still reside with my wife and 3 children.

I am a graduate of Dedeaux High School, Pearl River College and at every available opportunity attended the University of Mississippi, where I am now in my senior year.

I am able, ready and willing to represent all the people all the time.

Sincerely Yours,  
CLARENCE M. LADNER

As we approach the all important second primary of the Democratic Election when the will of YOU the people shall place the responsibility of the highest law enforcement office in the county on the shoulders of the man of your choice, I deem it only fitting and proper at this time to give you a brief resume of both my experience as a law officer and my activity of the past years.

Notwithstanding the fact that I am a Veteran of World War No. 1 and after serving as a law enforcement officer for a period of 18 years, I entered as a candidate for Sheriff and Tax Collector in the 1951 election and only a small margin of votes kept me from being your Sheriff. With enmity toward no one, respecting the will of the people and not trying to become affiliated with any political faction, I immediately went to work at my former trade of painting contractor which I have pursued these past four years.

One week before the first Primary, I Started my present campaign and the overwhelming confidence which you have shown by putting me in the final runoff, with a majority of 293 over my nearest opponent in a race of 14 candidates, can only be an indication of your desire for top law enforcement in our County. Once again my sincere thanks and appreciation for your continued support.

### Drivers Urged To Renew Their Expired Licenses

Original applications of driv-  
ers whose licenses expired De-  
cember 1953 and have not been  
renewed will be pulled and de-  
stroyed unless renewed this  
month, the Highway Patrol  
states.

Re-examination of drivers  
who fail to comply with this  
final renewal notice will be nec-  
essary, according to Drivers

License Bureau director L. E.  
Birdsong. A license whose ori-  
ginal application is still on file  
is not required to undergo re-  
examination, it was explained.  
Birdsong states that ap-  
proximately 12,000 licenses  
which expired in December 1953  
have not been renewed.

Mississippi drivers are urged  
to check their license's expira-  
tion date, making certain that  
they hold a valid permit. If a  
license has expired, it should  
be renewed immediately.

through October 3, 1955, and  
from December 19, 1955, thru  
January 10, 1956, according to  
Wade Creekmore, Director.

The Fish and Wildlife Service  
had fixed the framework of  
dates from which the Commis-  
sion could select the 45-day dove  
season between September 1,  
1955, to January 10, 1956.

The Commission, in accepting  
the split season, was trying to  
be fair to the dove hunters in  
the northern and southern re-  
gions of our State. Hunting  
conditions vary greatly be-  
tween these two regions and the  
seasons fixed by the Commis-  
sion with the intention of giv-  
ing dove hunters of each re-  
gion an equal opportunity of  
harvesting the surplus dove  
population.

R. Z. Williams and son-in-law  
Walley, have been spending the  
whole week fishing. Catching  
a few said Williams.

Bob Genin and sons, Robert  
and John have been making  
some nice catches of speckles,  
lately—last we heard it was  
135.

Rev. R. J. Kirschenheuter of  
Los Angeles, is here visiting re-  
latives. No fishing, he says—  
but when it comes to eating  
them, that's different.

John Hebert, C. B. Ripple and  
Dick Gillinhan, reported catch-  
ing 48 speckles off Aiken Road  
at Waveland Sunday morning.  
They were using live bait.  
Friend Dick says he has been  
fishing in Canada, but he had  
the biggest thrill Monday while  
fishing here.

Tom and Ben Klempeter of  
Baton Rouge, La., former grad-  
uates of St. Stanislaus, spent  
Sunday in the Bay visiting  
friends and enjoying a fishing  
trip to Half Moon. As usual the  
fish were not at their best.  
Let's try again, boys.

All's set for the first Annual  
Golf Tourney at Pass Christian  
Isles Golf Course, Sunday, Aug-  
ust 21, preceded by practice  
rounds Saturday, with a barbe-  
cue Saturday night. Better be  
on hand!

Paul (Billy) Bourgeois former  
Bay resident was down  
from his home near Lyman,  
Miss., mingling with friends  
Tuesday. He told of catching  
a 3 1/2 pound green trout in a  
3 1/2 acre pond up there.

Luke Elliott of Baton Rouge  
spent the weekend here doing  
some fishing. He got his  
share.

Gregory Parve and Sam Pe-  
tersen caught some nice fish  
Sunday up Jordan River. They  
had quite a variety including  
some rat reds.

Goof to see Uncle Tom Yer-  
ger back at his home at Bogue  
ser back at his camp at Bo-  
gue Homa, Logtown, after un-  
dergoing a major operation.  
He says that he is "rounding  
into good shape again."

Teddy Stechmann and Geo.  
Horton went after green trout  
Tuesday afternoon up Jordan  
River. They said they can't  
understand it—good bait, good  
water, good weather—but the  
fish wouldn't cooperate. May-  
be the aftermath of "Diane"  
had something to do with it!

Frank Trapani and some of  
his friends put on real shrimp  
boil, after the fight last Wed-  
nesday night. Were they good!  
Ask the boys from New Or-  
leans. One said its too bad  
that you can't eat shells and  
all!

To The People of Hancock County:

I want to take this means to thank each and  
every person who voted for me in the Sheriff's  
race.

It was very gratifying to see that over 470  
people trusted in my ability and my integrity to cast  
a vote for me in this my first time to enter a race  
for a public office.

To those who voted for my opponents I hold  
no malice. That was your sacred right and I feel  
that all my opponents are very fine and capable men.

Thank you from the bottom of my heart.

### HOGGING OFF CORN

A good many farmers are going to hog off corn. Here is a bit of advice to those so inclined.

If you are going to buy feeder pigs, be sure that they are good thirty pigs of the right kind. Buy two to three weeks before the corn is ready. Vaccinate and treat for internal parasites, if needed. Start pigs on feed before putting them in the corn field.

Corn is ready for hogging off just after it passes the roasting ear stage.

Be sure that the hogs know where the drinking water is located before turning them into the corn.

Make a couple of rounds of the field with a disc to knock down some of the corn to give the hogs an idea of what it is all about.

Be sure that the hogs have ample shade. Feed a good protein supplement to boost daily gains and conserve feed. You can mix your own protein supplement or use a good commercial 10 percent protein supplement.

Don't wait for the "tail-end" market your hogs when they reach 190 to 200 pounds.

### LAMBS

Properly managed fall, winter and early spring fattened lambs prove a profitable farm enterprise.

Basic requirements for profitable lamb production call for an abundance of grazing and the use of high quality, smooth healthy lambs to start with.

With a surplus of grazing on most farms now, grazing for early purchased lambs is assured. Normally feeder lambs should be bought in early October at weights of 50 to 60 lbs.

This year, if grazing is available to tide the lambs over until later summer and fall planted temporary grazing crops are available, the lambs can be bought earlier at lower weights.

A good doing lamb can be

expected to gain around 10 lbs. a month. The Mississippi Experiment Station obtained daily gains of 4 pound per lamb stocked at the rate of four to five lambs an acre on highly fertilized cereal grains.

For profitable lamb production, a margin of three to five cents is needed. In other words, lambs bought as feeders at 15 cents a pound should sell when fat, for 18 to 20 cents for profitable operation.

Know your sources of lambs before buying. Be able to recognize quality and thrift in lambs. Make arrangements with a dependable dealer or other person to help you make purchases. Your local county agent can help you get in touch with dependable sources.

Before lambs are bought into the state, they should be dipped to control external parasites. Then after they have gotten over their trip, they should be treated to rid them of internal parasites.

For more information on lamb production, and the grazing of feeder lambs, see your local county agent.

Father Raphael Toner and the Altar Society of St. John's Catholic Church, are undertaking the big job of raising funds to erect a new church in Lakeshore. All donations no matter how small will be gratefully received.

# The People Of Hattiesburg and Forrest County HAVE CONFIDENCE In PAUL B. JOHNSON

Our fellow-townsmen, Paul B. Johnson, has every reason to be proud of the splendid endorsement which he received in the First Primary Election for Governor. And it is noteworthy that Hattiesburg and Forrest County, where he lived all his life, gave him an overwhelming vote of confidence! The people of his home town know of his high Christian character, able leadership and real interest in and concern for the best welfare of all of our people.

Why was Johnson able to obtain such a tremendous lead in his home county and a lead of approximately 20,000 votes in the First Primary, coming as they did from every section of our State? Here, we submit, are the reasons for such a demonstration of loyalty and confidence in him:

1. Paul B. Johnson's late father made a great Governor — giving to the people an increase of from \$15.00 to \$30.00 per month in old age pensions; expansion of our arterial, hard-surfaced highways, and farm to market roads; free school books for the little children of the State; development of the oil and gas expansion program; imposition of the severance tax which brought large sums to the treasury of the State; and also left a surplus of \$30,000,000.00 of which he wisely placed \$27,000,000.00 in interest-bearing U. S. Government bonds to retire the then existing bonded indebtedness of Mississippi.
2. Paul B. Johnson served faithfully and outstandingly as an able assistant to his father while his father was Governor and in ill health. It was his loyal and capable son who carried on much of the administrative work and legislative problems for Paul B. Johnson, Sr. He is well trained in the intricate affairs of governmental operations—having acquired personal knowledge through his able father.
3. Paul B. Johnson, you may be assured, is an able lawyer, successful farmer and cattleman. His operations in this field have been extensive and highly remunerative. He knows the problems of the farmers of our State and is in sympathy with their needs.
4. When the war clouds began to hover in the dary days of World War Two, it was this gallant leader who joined the Marines as a private and became a combat veteran of the South Pacific, having action in Saipan, Iwo Jima and many of the other treacherous isles of Japan. He did not seek deferment because his father was Governor; nor did he ask for a commission—but went on as a plain private to serve his country in time of need.
5. It was Paul B. Johnson who exerted his best energies toward the establishment of a large and beautiful Methodist Church on Hardy Street in Hattiesburg. He was Chairman of the building committee and is now Chairman of the Board of Stewards of that church, as well as a teacher in the Sunday School. We know him to be a man of God whose Christian life has been the source of deep inspiration.
6. Johnson has a practical, feasible, workable program for the development of our State and the welfare of all of our people. He has the ability and determination to place into law the things which he advocates—thus insuring the continued prosperity and happiness of our people.
7. He is married, and the father of three fine, small children, and he will see to it that the schools of our State will never become integrated with those of the Negro race.
8. We know Paul B. Johnson to be above petty politics. He is understanding, sincere and charming personality. It is for the possession of these qualities that we are proud of Paul B. Johnson. Our confidence in him is unbounded as we labor in these days of uncertainty and unrest within the State. We the undersigned friends and neighbors of Paul B. Johnson endorse him and recommend him to you for Mississippi's next governor:

## R. G. (Manny) Hubbard Leading Candidate Of Supervisor Race

I have tried to conduct my campaign as I intend to run my office if re-elected Supervisor; with sincerity, dignity and honesty. If I felt I was compelled to lie about my opponent or make false promises to be elected, I would not be a fit candidate for the most important office of Supervisor.

In all my years of public office, no one has ever dictated to or controlled me. My first thought has always been, 'What will best benefit the taxpayers.' No one can accuse me of not having the courage of my convictions. Even if I stand alone, my vote goes down for what I believe to be right.

If a man in Public Office works for the PEOPLE and the COUNTY unselfishly and with no thought of PERSONAL gain, the results are bound to be beneficial to all.

I will conduct my office as supervisor as I do my business, being conscientious, honest and untiring in my efforts to serve the public.

Be sure that the hogs know where the drinking water is located before turning them into the corn.

Make a couple of rounds of the field with a disc to knock down some of the corn to give the hogs an idea of what it is all about.

Be sure that the hogs have ample shade. Feed a good protein supplement to boost daily gains and conserve feed. You can mix your own protein supplement or use a good commercial 10 percent protein supplement.

Don't wait for the "tail-enders," market your hogs when they reach 190 to 200 pounds.

### LAMBS

Properly managed fall, winter and early spring fattened lambs prove a profitable farm enterprise.

Basic requirements for profitable lamb production call for an abundance of grazing and the use of high quality, smooth healthy lambs to start with.

With a surplus of grazing on most farms now, grazing for early purchased lambs is assured. Normally feeder lambs should be bought in early October at weights of 50 to 60 lbs.

This year, if grazing is available to tide the lambs over until later summer and fall planted temporary grazing crops are available, the lambs can be bought earlier at lower weights.

A good doing lamb can be

expected to gain around 10 lbs. a month. The Mississippi Experiment Station obtained daily gains of 4 pound per lamb stocked at the rate of four to five lambs an acre on highly fertilized cereal grains.

For profitable lamb production, a margin of three to five cents is needed. In other words, lambs bought as feeders at 15 cents a pound should sell when fat, for 18 to 20 cents for profitable operation.

Know your sources of lambs before buying. Be able to recognize quality and thrift in lambs. Make arrangements with a dependable dealer or other person to help you make purchases. Your local county agent can help you get in touch with dependable sources.

Before lambs are bought into the state, they should be dipped for control external parasites. Then after they have gotten over their trip, they should be treated to rid them of internal parasites.

For more information on lamb production and the grazing of feeder lambs, see your local county agent.

# The People Of Hattiesburg and Forrest County HAVE CONFIDENCE In PAUL B. JOHNSON

Our fellow-townsmen, Paul B. Johnson, has every reason to be proud of the splendid endorsement which he received in the First Primary Election for Governor. And it is noteworthy that Hattiesburg and Forrest County, where he lived all his life, gave him an overwhelming vote of confidence! The people of his home town know of his high Christian character, able leadership and real interest in and concern for the best welfare of all of our people.

Why was Johnson able to obtain such a tremendous lead in his home county and a lead of approximately 20,000 votes in the First Primary, coming as they did from every section of our State? Here, we submit, are the reasons for such a demonstration of loyalty and confidence in him:

1. Paul B. Johnson's late father made a great Governor — giving to the people an increase of from \$15.00 to \$30.00 per month in old age pensions; expansion of our arterial, hard-surfaced highways, and farm to market roads; free school books for the little children of the State; development of the oil and gas expansion program; imposition of the severance tax which brought large sums to the treasury of the State; and also left a surplus of \$30,000,000.00 of which he wisely placed \$27,000,000.00 in interest-bearing U. S. Government bonds to retire the then existing bonded indebtedness of Mississippi.

2. Paul B. Johnson served faithfully and outstandingly as an able assistant to his father while his father was Governor and in ill health. It was his loyal and capable son who carried on much of the administrative work and legislative problems for Paul B. Johnson, Sr. He is well trained in the intricate affairs of governmental operations—having acquired personal knowledge through his able father.

3. Paul B. Johnson, you may be assured, is an able lawyer, successful farmer and cattleman. His operations in this field have been extensive and highly remunerative. He knows the problems of the farmers of our State and is in sympathy with their needs.

4. When the war clouds began to hover in the dary days of World War Two, it was this gallant leader who joined the Marines as a private and became a combat veteran of the South Pacific, having seen action in Saipan, Iwo Jima and many of the other treacherous isles of Japan. He did not seek deferment because his father was Governor; nor did he ask for a commission—but went on as a plain private to serve his country in time of need.

5. It was Paul B. Johnson who exerted his best energies toward the establishment of a large and beautiful Methodist Church on Hardy Street in Hattiesburg. He was Chairman of the building committee; and is now Chairman of the Board of Stewards of that church, as well as a teacher in the Sunday School. We know him to be a man of God whose Christian life has been the source of deep inspiration.

6. Johnson has a practical, feasible, workable program for the development of our State and the welfare of all of our people. He has the ability and determination to place into law the things which he advocates—thus insuring the continued prosperity and happiness of our people.

7. He is married, and the father of three fine, small children, and he will see to it that the schools of our State will never become integrated with those of the Negro race.

8. We know Paul B. Johnson to be above petty politics. He is understanding. Moreover, his sincerity and charming personality is for the possession of these qualities that we are proud of Paul B. Johnson. Our confidence in him is unbounded—as we labor in our common cause in these days of uncertainty and unrest within the State.

We the undersigned friends and neighbors of Paul B. Johnson endorse him and recommend him to you for Mississippi's next governor:

## R. G. (Manny) Hubbard Leading Candidate Of Supervisor Race

I have tried to conduct my campaign as I intend to run my office if re-elected Supervisor; with sincerity, dignity and honesty. If I felt I was compelled to lie about my opponent or make false promises to be elected, I would not be a fit candidate for the most important office of Supervisor.

In all my years of public office, no one has ever dictated to or controlled me. My first thought has always been, 'What will best benefit the taxpayers.' No one can accuse me of not having the courage of my convictions. Even if I stand alone, my vote goes down for what I believe to be right.

If a man in Public Office works for the PEOPLE and the COUNTY unselfishly and with no thought of PERSONAL gain, the results are bound to be beneficial to all.

I will conduct my office as supervisor as I do my business, being conscientious, honest and untiring in my efforts to serve the public.
